Winter Newsletter 2020

Seasons Greetings to our Families and Friends,

We hope that this mailer finds you all happy and safe. These trying times have added uncertainty and anxiety for all those we love. At Schuylkill Memorial Park and Grabowski Funeral Home we have been working with the Department of Health and the Pennsylvania State Funeral Board to ensure the health and safety of our families while striving to provide the same level of care and compassion we have for generations. The current COVID-19 crisis has added new challenges and opportunities to adapt and grow to an ever evolving situation. Please know that we are working diligently to provide the personal level of service you have come to expect from us in the past.

Our funeral home has been working to provide services within the level allowed for participants as well as adapting services to provide outdoor remembrances along with drive-through viewings and visitations to keep our families, staff, and guests safe. We are prepared to work individually with each family to suit their needs and comfort level while at the same time allowing for an appropriate remembrance for your loved ones lost.

During these uncertain times many of our families have taken the important step to prearrange funeral services and alleviate the burden to their families. We are still holding in-office appointments with limited participants and COVID-19 guidelines to help work with our families to pre-arrange and pre-fund services with our affordable insurance based, price guaranteed funerals. Give us a call today to meet with one of our funeral professionals.

Please know that we are still here every weekday to serve our family's needs and questions. We occasionally do close operations due to the limited in-office activity. If you are stopping by in the late afternoon, please call ahead to ensure that the appropriate staff are available to meet your needs.

We wish all our families a happy and importantly healthy Holiday and New Year.

We are here to serve you now and, in the times, ahead.

Best Wishes,

The Grabowski Family and Staff

Why Should You Plan and Prepay Your Final Wishes in Advance.....

We have made a long-term commitment to those families we have served and to our entire community. During these times, we believe it is our responsibility to offer you pre-planning services that lessen the financial burden for your loved ones.

Medicaid planning assistance is now available through a **Certified Senior Advisor, CSA®** and **Estate Planning Attorney** for those families seeking long-term care for a loved one.

One of the most difficult experiences in life one can face is the loss of a loved one. **By Pre-planning**, your wishes in advance, you can save your loved ones from the added financial and emotional burdens of making your arrangements during their time of grief and sorrow. **One of Our Funeral Directors** will assist you in every step of the way to ensure that your plans are carried out according to your wishes. We also offer **affordable payments** options that can fit your budget.
